

Georgia Heritage Coalition

GHC Database Membership

Dear Heritage Supporters: We learned a hard lesson while lobbying for the *Fair Vote Act* during the 2004 legislative session. Despite our large numbers of traditional unreconstructed Georgians, we were not able to bring these numbers to bear in terms of generating letters and phone calls to local district Reps and Senators because we had no way to contact local folks to request their help. We never want to have to lobby again "with an empty gun". We are asking you to join our database so that next time we can reach you quickly and affordably. If we do not organize ourselves to fight effectively on the modern battlefield, our heritage will suffer the consequences. Help us save our heritage by being our ammo.

Privacy statement: The following member information will be confidential to GHC and used exclusively in pursuing current and future GHC goals. **No** information will be shared with any third parties. GHC District member groups will have access to only the pertinent member information that they would normally need.

If Yes, **Join our 100,000-member heritage lobbying database** so we can make our numbers count in the fight to save our heritage. The \$5 minimum supports the overhead of building and maintaining our database. The \$25, \$50, and \$100 levels will help us jump start building the field network, training, and other normal expenses involved in building a statewide lobbying organization. **We need your help.** Without your help, we are fighting with an empty gun. Our membership will be our ammunition. Politicians may at times have faulty memories, but they all count numbers really well.

MEMBERSHIP LEVEL - Regular-\$5 John Gordon-\$25 Button Gwinnett-\$50 James Oglethorpe-\$100

Please enclose check payable to *Georgia Heritage Coalition*. Do **not** send cash. PayPal or credit card may be used with online membership application.

Please complete the New Member Profile section on the back.

Thank you for joining our database. We will be following up with you soon to go over our recruiting plan which is quite simple. We are asking all of our new database members to go through their address books and make a list of family, friends, neighbors and coworkers that you know to be solid southerners...and ask them to join our database. That's it. We will simply recruit those who are already on the team, but just not hooked up yet. If you help us do just this, recruit folks that you know, we will be successful.

Please consider completing this form online at the GHC website which will save us data entry labor.

The following information is critical for us to have so we can organize our skills and talent base to assist in building local district GHC groups. Besides just being able to contact members we will also need to know WHO to contact for a particular skill needed for a particular project, or for associations they have for further contact, etc. The lack of this type of in-depth information has held back heritage org efforts to oppose the forces arrayed against us. We simply have to match the organization sophistication of our adversaries. Please provide us with whatever you can to help us best utilize your talents, experience, associations and affiliations. Again, no information will be shared with third parties. Please print. Thanks.
